

V-Floor

Virucidal Floor & Multi Surface Cleaner

A virucidal and bactericidal disinfectant that leaves a long lasting fruity fragrance after use.

Effective against Coronavirus, Influenza, Rubella and C Difficile spores.

USES

Q-Eco V-Floor is safe for use on all hard surfaces including polished floors, marble, linoleum, wood, PVC, concrete, tiles and laminate floors.

V-Floor can also be used as a multipurpose cleaner.

DIRECTIONS

Apply a solution of V-Floor to the surface using a mop, brush, cloth or spray and work into the surface. Allow 5 minutes contact time and then wipe away with clean mop or cloth. If the floor is heavily soiled, first clean with V-Floor to clean the floor, then follow the disinfection process above.

Use biocide safely. Always read the label and product information before use.
